

K-LOVE Radio is an important part of my life. K-Love helps to reinforce my religious beliefs and encourages others without religious beliefs that there is hope to life. By providing this encouraging outlet through KLOVE many lives are positively changed which makes our society more caring and respectful of others. I feel that the displacement of KLOVE and other similar stations by LPFM would be another step to the demise of our once bountiful society. It is in the public interest to maintain FM stations to give people an option of hope and love that may not otherwise be heard by thousands and thousands of people. Displacement of encouraging radio stations by LPFM would be encouraging the very things our forefathers were trying to safeguard our society against...lack of freedom of speech and religious beliefs. Our country was founded on a religious basis and I pray that foundation never gets destroyed. Creating LPFM would be a strong attack at the foundation I am speaking of.
